ATTN: Consular Case Management Team / Christine L.

Dear Consular Team,

In alignment with our strict data-validation protocols for active tracking action **Case No. CID-CDO-2026-001** (*Stow vs. Meta*), I am submitting a formal metric clarification to our status update dispatched on Friday.

The text of that brief referenced *"exactly 2,183 verified, email-authenticated supporters"* within the Philippines. To maintain absolute factual alignment with the underlying database asset provided by *People Over Platforms Worldwide*, the official consular record should reflect the metric as **approximately 2,183 local casualties**, matching the explicit phrasing used by their organization's leadership.

Our public ledger and chronological evidence timeline at **www.case001.org** have been fully updated to reflect this exact verified phrasing.

Kind regards,

Geoffrey Arthur Stow
