**Attn: Office of the Secretary (DICT) / Executive Directorate (CICC) / The Commission En Banc (NPC)**

Dear Sirs/Madams,

Pursuant to active tracking status **Case No. CID-CDO-2026-001**, please find attached the complete, self-contained **Unified Master Evidentiary Index and Supplemental Manifestation Bundle (PDF)**. This consolidated data file resolves all prior administrative record fragmentation before the En Banc Secretariat, compiling the complete technical audit record from Annex H through L into a single chronological archive.

**Critical New Evidence Highlights:**

- ANNEX J (Corporate Evasion Proof):** Fresh forensic photographs documenting that Meta Platforms explicitly lied to an official LBC Express courier at their BGC headquarters on April 22, 2026, returning the legal document parcel unopened with the printed tracking remark: "Refused to Accept – Consignee/Wrong Entity." A registered corporation cannot disavow its own state-sanctioned name to dodge an active lawsuit.
- ANNEX L (Sovereign Administrative Inaction):** Documented proof that despite the Complainant perfecting this emergency filing on May 14, 2026—by paying all state-mandated fees and posting the required PHP 1,500.00 CDO Bond—the Commission En Banc has maintained absolute radio silence for fourteen (14) consecutive days while an automated algorithm counts down to execute a Data Interference crime under Section 4(a)(3) of R.A. 10175.

Because Meta's automated data destruction threshold is less than ten days away (June 7, 2026), we submit this unified record for immediate executive and regulatory intervention under R.A. 10175.

The complete record is mirrored live on our open public monitoring index at [www.case001.org](http://www.case001.org).

Sincerely,

**Geoffrey Arthur Stow**
