

Accessing facebook.com/geoff.stow.96 now redirects to a login page.

The screenshot shows the Chrome DevTools Network tab. The top navigation bar includes 'Elements', 'Console', 'Sources', 'Network' (selected), 'Performance', 'Memory', and 'Application'. Below the navigation bar are various controls: a red square icon, a filter icon, a search icon, checkboxes for 'Preserve log' and 'Disable cache', a 'No throttling' dropdown menu, a Wi-Fi icon, and up/down arrows. A timeline at the top shows a vertical line at approximately 10,000 ms, with blue bars indicating network activity. Below the timeline is a table with the following data:

Name	Status	Type	Initiator
geoff.stow.96	301	document / Redirect	Other
geoff.stow.96	302	document / Redirect	facebook.com/geoff.stow.96
geoff.stow.96?_rdc=1&_rdr	200	document	www.facebook.com/geoff.stow.96
